Every teacher whose students will audition for a CMEA festival must register a profile on CTFest.net.

Teachers must be current members of CMEA, and their school must have submitted the annual school association form with payment in order to be approved for CTFest access to register students for auditions.

Teachers may register only their own students, even if all of the teachers at your school are CMEA members, each one must register their own students.

On the new CTFest.net you will register one single profile and have the same login for everything that you do on the site. You can update your profile to reflect changes at anytime.

Select whether you are registering as a teacher, judge, or both. If you teach in the Northern or Western High School Region, you must select both, because your region requires its' teachers to serve as judges.
